

QMainWindow

```
classDiagram
    QMainWindow <|-- glitch_separated_diagram_window
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QMainWindow'. Below it is a box labeled 'glitch\_separated\_diagram\_window'. A blue arrow points from the 'glitch\_separated\_diagram\_window' box up to the 'QMainWindow' box, indicating that 'glitch\_separated\_diagram\_window' inherits from 'QMainWindow'.
